

Introduction to Floodplain Management Three-Day Virtual Training Course December 15th – 17th, 2020

Course Description

This *Introduction to Floodplain Management* course is designed to familiarize participants with various aspects of the National Flood Insurance Program (NFIP) to ensure they have the necessary tools to be successful as local floodplain administrators. Three key topics will be examined and discussed: Welcome to the NFIP – “What the Flood”?, “MAP IT!” (More Acronyms Please), and “That’s a FLAP!” – Floodplain Action Plan: Keys to Success. These topics will prepare the participants to understand their role and responsibility in enforcing the community’s local floodplain ordinance and the NFIP regulations.

Target Audience:

The target course audience is for local officials responsible for administering their local floodplain management ordinances, for example:

- Newly hired or newly assigned floodplain administrators / managers
- Current floodplain administrators / managers that are seeking refresher training
- Building codes officials / inspectors
- Permit officials
- City and County engineers

Continuing Education Credits:

This training course has been pre-approved for 12 hours of CEC for Certified Floodplain Managers (CFM) through the Association of State Floodplain Managers (ASFPM). Participants must attend and participate in all three days in order to get credit for the training.

Registration:

There are **ONLY 30 seats** available for this virtual training course. Registrations are on a first-come, first-served basis...So register early. Register online at: <https://fema.zoomgov.com/meeting/register/vJItcOisqj0oHwWrjoAsmPt2T0uE1FwEQGY>
